

Tampa ATC - Let's Look At Airspace

Controllers from the Tampa facility will give us an overview of the local airspace, and some do's and don'ts to help guide us through complicated airspace. We will take questions from the audience, so please feel free to ask about those areas you've always needed help with. Pick the brains of some of the best flight controllers in the business.

Directions: From I-275 N or S -
Take exit 31 to merge onto FL-688 W Ulmerton Rd.
Continue on Ulmerton, past Roosevelt Blvd. to Hwy 19.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
